

# LADWP ENERGY REBATES SUMMARY

**Retrofit.LA**

## LADWP ENERGY REBATES SUMMARY

LADWP offers a range of incentives to encourage customers to save energy at their properties. This table summarizes the incentives that are relevant for existing buildings to comply with the City of Los Angeles **EBEWE Ordinance**.

We encourage you to complete the [Energy Rebate Navigator](#) for help figuring out which incentives are most relevant for your property.

An **energy audit and retro-commissioning (RCx)** investigation can also be helpful if your organization doesn't have internal resources to spec out these types of projects. Check out the **Audit & Retro-Commissioning Provider Directory** for a list of vetted companies, or talk to your preferred energy conservation specialist.

Please note that all rebate programs are subject to change or cancellation without notice.

Program	Description	How to Apply
<a href="#">Demand Response Program</a>	Demand Response (DR) is a voluntary incentive-based energy management program for businesses that helps reduce their utility bills during times of peak power demand, while ensuring the continued reliability of power for Los Angeles.	Fill out an application form <a href="#">here</a> to sign up for the DR program. Email: <a href="mailto:demand.response@ladwp.com">demand.response@ladwp.com</a> Phone: (213) 367-3319 or (213) 3672712
<a href="#">Commercial Lighting Incentive Program</a>	Commercial Lighting Incentive Program (CLIP) provides incentives for the installation of newly purchased and installed energy-saving lighting and controls. With CLIP's calculated savings approach, you can tailor your lighting efficiency upgrades to better meet your lighting needs, attain greater energy savings and receive higher incentive payments.	Follow the steps listed <a href="#">here</a> to submit an application for CLIP. Email: <a href="mailto:clip@ladwp.com">clip@ladwp.com</a> Phone: (213) 367-4215
<a href="#">Custom Performance Program</a>	Custom Performance Program (CPP) pays you incentives for energy savings achieved through the installation of a variety of energy efficiency (EEM) and retro-commissioning (RCx) measures.	Follow the steps listed <a href="#">here</a> to submit an application for CPP. Email: <a href="mailto:custom@ladwp.com">custom@ladwp.com</a> Phone: (213) 367-3436
<a href="#">AC Optimization Program</a>	AC Optimization program provides services by certified, professional heating, ventilation, and air conditioning (HVAC) technicians from approved, licensed contractors to analyze cooling systems and provide basic maintenance and efficiency services. These services are free for all eligible residential and commercial LADWP customers.	Complete the form <a href="#">here</a> to request a list of participating contractors. Phone: (833) 280-8100
<a href="#">Commercial Direct Install</a>	The Commercial Direct Install (CDI) Program is available to qualifying businesses whose average monthly electrical demand is 250 kilowatts (kW) or less. The CDI Program assists primarily with lighting upgrades.	Contact a CDI Program representative at 1(877) 714-1254.
<a href="#">Comprehensive Affordable Multifamily Retrofit (CAMR) Program</a>	The Comprehensive Affordable Multifamily Retrofits (CAMR) program assists L.A.'s low income, multifamily property owners. CAMR will offer multifamily property owners no-cost property assessments to identify efficiency opportunities to help owners and their residents to save energy and reduce costs. In addition, qualified property owners will receive aid with work scope development and the contractor procurement process.	Complete an interest form <a href="#">here</a> . Email: <a href="mailto:CAMRinfo@aea.us.org">CAMRinfo@aea.us.org</a> Phone: (833) 827-2267
<a href="#">City Plants</a>	This program plants free trees outside of your business. Trees provide energy savings through shading buildings and decreasing ambient temperatures while also removing pollutants from the air, absorbing polluted runoff, providing aesthetic benefits, and more.	Learn more <a href="#">here</a> or by calling (213) 473-9950.
