LADWP WATER REBATES SUMMARY

LADWP and Metropolitan Water District (MWD) offer a range of incentives to encourage customers to save water at their properties. This table summarizes the incentives that are relevant for existing buildings to comply with the City of Los Angeles EBEWE Ordinance.

We encourage you to complete the [Water Rebate Navigator](#) for help figuring out which incentives are most relevant for your property.

A water audit and retro-commissioning (RCx) investigation can also be helpful if your organization doesn't have internal resources to spec out these types of projects. Check out the [Audit & Retro-Commissioning Provider Directory](#) for a list of vetted companies, or talk to your preferred water conservation specialist.

Please note that all rebate programs are subject to change or cancellation without notice.

Program	Description	Rebate Amount	How to Apply
Technical Assistance Program	The Technical Assistance Program (TAP) is a financial incentive program offering commercial, industrial, institutional, and multi-family residential customers in Los Angeles up to \$2,000,000 for the installation of pre-approved equipment and products, which demonstrate water savings.	\$7.00 per 1,000 gallons of water saved over a number of years. Project must reduce potable water use by a minimum of 50,000 gallons over two years.	Learn more and sign up here . Email: WCTAP@ladwp.com Phone: 1(800) 544-4498 and press "3"
SoCal Water\$mart Cooling Tower Device Rebate	SoCal Water\$mart offers free Conductivity Controllers and state-of-the-art integrated pH Conductivity Controller.	Rebates vary by water agency and are subject to change.	Learn more and sign up here . Email: socalwatersmart@egia.org Phone: (888) 376-3314
Water Savings Incentive Program	The Water Savings Incentive Program (WISP) provides an incentive based on the amount of water customers save. It is designed for non-residential customers improving their water efficiency through upgraded equipment or services that do not qualify for standard rebates.	\$0.60 per 1,000 gallons saved per year over the project life for a maximum of 10 years. All incentives are limited to 50% of eligible project costs. Projects must save at least 10,000,000 gallons of water.	Learn more and sign up here . Email: socalwatersmart@egia.org Phone: (888) 376-3314
Turf Replacement Program	The Turf Replacement program provides incentives for businesses to remove grass and replace it with organic, drought tolerant landscaping.	\$5.00 per square foot for the first 50,000 Sq. Ft. and \$1.00 for 50,001 Sq Ft. up to 7 acres maximum (304,920 sq. ft.)	Learn more and sign up here . Email: socalwatersmart@egia.org Phone: (888) 376-3314
Weather Based Irrigation Controllers	Weather Based Irrigation Controllers work on a simple principle: provide the appropriate watering schedule, adjust for weather changes and irrigate based on the needs of the landscape and soil conditions.	\$50 per station	Learn more and sign up here . Email: socalwatersmart@egia.org Phone: (888) 376-3314
High Efficiency Sprinkler Nozzles	Eliminate wasteful runoff by replacing standard sprinkler heads with with SoCal Water\$mart recommended rotating nozzles. These rotating sprinkler nozzles use up to 20% less water than a standard sprinkler head by distributing water more slowly and uniformly to the landscape, while preserving plant health.	\$6 per nozzle, minimum quantity is 15 nozzles	Learn more and sign up here . Email: socalwatersmart@egia.org Phone: (888) 376-3314
